

FISCAL NOTE

SB 2748 - HB 2830

February 12, 2002

SUMMARY OF BILL: Removes protection that allows existing businesses to continue operations unaffected even if zoning changes are enacted that might otherwise curtail such operations in counties having a metropolitan government and a population in excess of 500,000 according to the 2000 or any subsequent federal census (Davidson).

ESTIMATED FISCAL IMPACT:

Increase Local Govt. Expenditures - Not Significant

Decrease Local Govt. Revenues - Not Significant

Estimate assumes:

- the affected local government will experience an increase in expenditures for the costs of enforcing the zoning changes on businesses that would not otherwise have been affected.
- the affected local government will experience a decrease in tax and fee revenues which depends on the level to which the zoning changes curtail business operations.
- these increases are estimated to be not significant.
